"It has been our privilege to partner with Laser Lab during the past 6 years as our primary printer maintenance and repair source. Our staff and customers demand reliable printing solutions and with the assistance of your skilled technicians we have been able to meet all of their demands. Your prompt service and speedy resolution of printer dilemmas has resulted in cost savings and minimal down time. The Laser Lab preventative maintenance program keeps our printers in peak condition and impedes wear and tear. We also find Laser Lab's high caliber remanufactured laser cartridges to be superior to others and very cost effective. Your prompt delivery of supplies permits us to constantly meet our printing deadlines. We take great comfort in knowing we have this dedicated technology partner to go with us into the future."
